Natrelle® 410 Anatomical Gel Breast Implants

**BREAST AUGMENTATION**

Breast augmentation includes primary breast augmentation to improve the result of a primary breast reconstruction surgery. Breast augmentation is indicated for women for the following:

- Women with active or inactive anaplastic lymphoma.
- Women with existing cancer or precancer of their breast who have not received adequate treatment for those conditions.
- Women with active or inactive systemic lupus erythematosus.
- Women with active or inactive rheumatoid arthritis.
- Women with active or inactive ankylosing spondylitis.
- Women with active or inactive inflammatory bowel disease.
- Women with active or inactive autoimmune diseases (eg, lupus and scleroderma).
- Women with existing cancer or precancer of their breast who have not received adequate treatment for those conditions.
- Women with active or inactive systemic lupus erythematosus.
- Women with active or inactive rheumatoid arthritis.
- Women with active or inactive ankylosing spondylitis.
- Women with active or inactive inflammatory bowel disease.
- Women with active or inactive autoimmune diseases (eg, lupus and scleroderma).

**IMMEDIATE BREAST RECONSTRUCTION**

Breast implant surgery should not be performed in:

- Women with existing cancer or precancer of their breast who have not received adequate treatment for those conditions.
- Women with active or inactive systemic lupus erythematosus.
- Women with active or inactive rheumatoid arthritis.
- Women with active or inactive ankylosing spondylitis.
- Women with active or inactive inflammatory bowel disease.
- Women with active or inactive autoimmune diseases (eg, lupus and scleroderma).

**IMPORTANT SAFETY INFORMATION**

- Women with existing cancer or precancer of their breast who have not received adequate treatment for those conditions.
- Women with active or inactive systemic lupus erythematosus.
- Women with active or inactive rheumatoid arthritis.
- Women with active or inactive ankylosing spondylitis.
- Women with active or inactive inflammatory bowel disease.
- Women with active or inactive autoimmune diseases (eg, lupus and scleroderma).

**ADVERSE EVENTS**

For more information see the full Directions for Use at www.allergan.com/breastimplants. To report a concern with Natrelle® Breast Implants, please call Allergan at 1-800-433-8871.

**ADVERSE EVENTS**

### IMPORTANT SAFETY INFORMATION

**WARNINGS (continued)**

- **NOTE:** Do not expand if the pressure will compromise wound healing or vasculature of overlying tissue, or beyond patient or tissue tolerance. Avoid contamination in any surgical procedure and carefully evaluate patient suitability using preoperative imaging, history, physical examination, laboratory, and any other clinical information consistent with the patient’s medical history.

- **Please see Natrelle® Breast Implants Indications and Important Safety Information on other side.**
